

La Jolla Tennis Club League Rules
Effective December 7, 2009

La Jolla Tennis Club (LJTC) encourages members' participation in league play. Due to limited court availability not all LJTC teams will be eligible for "at home" matches.

1. You must be a member of La Jolla Tennis Club to play on a LJTC Team. Even if the league that you are participating in does not require that you be a full dues paying member of the club you represent, LJTC DOES require current membership of all team members and substitutes. For an approved team to retain its scheduling priority, 2/3 of its regular players, not to include substitutes, must carry over to the new season.

2. LJTC Members, who wish to be on a league team, should contact the LJTC Manager or the LJTC League Chairperson to learn about potential teams on which to play. Captains of teams can then be contacted for participation.

3. No more than 3 courts can be reserved for league play on a given day.

4. There can be only 2 established "at home" LJTC teams. A LJTC team shall be given seniority when at least 2/3 of its roster is filled by players who played in the previous season. Team rosters must be submitted to both the LJTC League Chairperson and LJTC Manager.

5. In order to accommodate league scheduling, no more than two approved teams may play at LJTC during the same season when their match days are the same. Only one team may play "at home" on the match day. If any other approved team requesting the same match day becomes the 3rd or 4th team in the same division, that team must find an alternate location for the season. Should an already existing team move up or down a level and create more than 2 teams in the same league division, or a previous season's away team now qualify for "at home" play, a lottery system will determine which team will play away for that season. Thereafter, any qualifying away team will be guaranteed priority to play "at home" in the next season. There will be no exceptions to the rule of only 3 courts being set aside for league play on any given day. A lottery system will also determine which one of the remaining teams will also play "at home" in the next season.

6. When the league dates are published, in the event of a scheduling conflict, the LJTC League Committee will resolve the conflict.

Chairperson: Jeff Elliott

Committee: Charlotte Blum (Recorder), Carolyn Blumenthal, Fran McCloskey, Christ Milesis, and Loren Pinn
